

Tin Mountain Conservation Center Accessible Nature Trail

Bald Hill Road, Albany, NH

This 1.2 mile Accessible Nature Trail is designed for all users during the spring, summer, or fall. Its hard packed surface is perfect for wheelchairs, strollers, or anyone looking for a smooth walking surface.

You can rest on the many benches found on the trail including at the numbered points of interest. The distance between benches is clearly marked. Enjoy looking for tree and herbaceous plant identification tags engraved with common, scientific, and Abenaki names.

Please use the designated crosswalk on Bald Hill Road when visiting us at Tin Mountain Conservation Nature Learning Center.
