## Camp Locations

### Tin Mountain Nature Learning Center, Albany

The Nature Learning Center stands surrounded by 300 acres of woodlands complete with trails that lead to Chase Pond, a historic granite quarry, a beaver lodge and much, much more. Wildlife, insects, birds and wildflowers fill the fields surrounding the 1800's barn. Swimming will be at nearby Iona Lake.

### Field Station, Jackson

Tin Mountain's original home, the Field Station is nestled among spruce and fir forests on the side of Tin Mountain. The 228 acres include fields, forests, trails and ponds plus views of the White Mountains including Mt. Washington. Trails lead to the old Dundee Rd, a historic tin mine, "Pond Four", a cellar hole and the top of Tin Mountain. A swimming hole on the Ellis River provides the perfect place to cool off.

### Little Chatham Road, Fryeburg

Our beautiful post-and-beam camp building lies nestled among the majestic white pine forests of the 800-acre Burnell Family Forest. Here you'll also find cellar holes from the abandoned village of Little Chatham, vernal pools, wetlands and wildlife. Swimming is in the Saco River at Weston's Beach.

### The Mountain Road, S. Tamworth

Expansive views from the mountain meadows of the South Tamworth camp include Mt. Chocorua, hayfields, and the northern forests. Our summer camp is located in an old pasture complete with stone walls and apple trees. From here, footpaths lead to a swimming hole on Cold Brook and the summit of Little Larcom Mountain.
